

# PSO NEWSLETTER

Septemeber 17,2017

It's no secret that our PSO runs on people power! We rely heavily on the volunteer efforts of our StMM community to make things happen. At the start of each academic year, after a break from the routine of school, everyone seems to be re-energized and ready to help. Many of you have reached out and offered up your time and your talent. Thank you, thank you!

To those of you who are wondering what volunteer opportunities are out there, I just wanted to take a moment to point you in the right direction. This newsletter, along with the PSO website, is a great resource for volunteer opportunities. We tend to use sign-up genius a lot and very often links to volunteer sign ups are printed right in this publication and on our website. Turn the page and you should see a few already! Volunteers are often needed to help coordinate and staff PSO events or projects. For those of you who can't always be on site, there are plenty of opportunities to contribute from home like baking cookies for the Teacher's Cookie Exchange in December or helping to write out raffle tickets for our walkathon. Have fidgety little ones at home? Come wrap Christmas gifts in the cafeteria on Tuesday or Wednesday and bring your little helpers along! There's plenty of space for them to play. If you have any questions about volunteering with PSO, please contact Beth Klatt our service coordinator, [bklatt@nextaff.com](mailto:bklatt@nextaff.com). She's happy to help!

There is one special volunteer position that we are hoping to fill sooner rather than later this year and that is the position of PSO President-Elect. Many people have told me, "I can't do what you do", but that's the beauty of it, you don't have to! You can be the kind of PSO leader you want to be. If you like the way we are currently doing something, keep it. If you know a better way, adopt it! It's essential that volunteer run organizations like our PSO have new leaders, with new ideas. It keeps things fresh and moving and exciting for the school community as a whole. I'd also like to dispel the rumor that you need to know all about PSO going into this role. When I became President, I had a general knowledge of the organization, but the ins and outs, I picked those up along the way! The person who takes on the role of President-Elect this year can work with our current board and learn everything needed to move forward as President next year. Everything from how events are structured, to the budget, to the code to the copy machine! After this school year, I will "retire" from my role and become more of a "worker bee" around campus. Please prayerfully consider the opportunity for leadership within the PSO. PSO has done some wonderful things over the years. It would be a shame to lose that momentum.

Sincerely,

Laura

#### Babysitter List Fizzled

Last year, PSO attempted to put together a directory of babysitters for StMM parents. Unfortunately, we had very little response so we were never able to pull together a list. But that doesn't mean there aren't babysitters in our school community available! PSO encourages you to check with StMM teachers and staff. Many of them have high school and college aged children who enjoy babysitting and would be happy to watch your little ones!
