PSO NEWSLETTER March 1, 2018

School days and fundraising seem to go hand in hand, don't they? As an elementary school student I remember peddling candy bars, wrapping paper and magazines. Every October, our parish held a fall festival and every Lent there were Friday fish dinners. For me those experiences are not just good memories, but they were good lessons in business, confidence and service.

The tradition of fundraising continues today! At StMM we follow a model of "major" fundraisers. Instead of a bunch of little fundraisers, we focus our efforts on 2 major fundraiser - Walkathon and Gala - and they alternate years. This year we celebrated a successful Walkathon, an event for our children. Next school year is a Gala year, an occasion for our parents to enjoy.

Last year's successful Gala and this year's successful Walkathon brought in over \$30,000 each. Wow! Kudos to our students and parents for contributing to that success! So, what happens to that money? I'm going to tell you!

For several years now PSO has used proceeds from our fundraisers to fund teacher grants. This process allows StMM staff to apply for money for equipment, tools, supplies, subscription, etc. that they would like for their classes. Reading through grant applications is always fun and interesting. The requests teachers make show just how much thought and effort they put into their lessons and how seriously they take roles as teachers. We receive applications from everything from gardening expenses, to technological equipment to new books and musical instruments. The spectrum is varied far and wide and together they manage to touch each and every student at StMM. This year's grants have just been finalized and awarded. You can find a list of these grants on the next page of this newsletter. Congratulations to our recipients!

After teacher grants, the PSO tries to identify other needs within the school that will benefit the student body at large. Recall last year, we replaced fencing around our playground and fenced in the patio area outside our cafeteria. We also installed water bottle fillers on water fountains in both the school and activity buildings. This year we used the reminder of our Walkathon proceeds to purchase another technology cart for the school. The mobile cart will house 30 new chrome books for student use. This new cart, in combination with another new cart purchased by administration, will triple the number of chrome books at StMM.

There are always needs and wants within school communities, therefore, fundraising continues on and on. We at St Mary Magdalene are so very blessed to have a supportive community of parents, family and friends who support our efforts. Thank you for investing in our children and their futures!
